DEPARTMENT OF COMMERCE URGES SAVING OF OLD RAGS

The searcity of paper has become menace to the printing and publishing business. Local printers can no now buy at catalog prices and the seems to be no relief in sight. To call attention to the condition and from the land of his nativity, to arge upon Americans the necessity of saving old rags and paper, the

mercial clubs all over the country: from the ground. "The attention of the department I commerce is called, by the head of do better than make permanent connections with us. ing rags and old papers. He arger known that the collecting and saving of rags and old papers woul greatly better existing conditions for Amerienn manufacturers.

Semething like 15,000 tons of different kinds of paper and paper ward are manufactured evey day in the United States and a large proportion of this, after it has served its purpose, could be used over again in some class of paper. A large part of it, however, is either burned or otherwise destroyed. This of course, has to be replaced by new materials. In the early history of the paper industry publicity was gre it is of searcely less importance now, It is of searcely less importance now The department of commerce is glad to bring this matter to the attention of the public in the hope that practical good may flow from it. A little attention to the saving of rags and old paper will mean genuine rehief to our paper industry and e lies the Russians can always be de dimenishing drain upon our resources of new materials.
